Nama : Roni Sefia NIM : 201011401617 Kelas : 04TPLP016

1. Sorting menurun menggunakan nim

2. Searching 2 digit terakhir nim

```
П
  g (globals)
  uasstruk.cpp
  1 #include<iostream>
2 using namespace std;
int n = 28;
int nilai[n] = (61, 62, 87, 27, 18, 97, 46, 32, 65, 77, 16, 96, 34, 24, 15, 14, 17, 81, 13, 82);
int nilai[n] = (61, 62, 87, 27, 18, 97, 46, 32, 65, 77, 16, 96, 34, 24, 15, 14, 17, 81, 13, 82);
int i, bilangam, banyak = 0;
           bool ketemu = false;
                                                                                                 Deretan bilangan: 61 62 87 27 18 97 40 32 65 77 16 96 34 24 15 14 17 81 13 82
Masukkan 2 digit NIM terakhir Anda: 17
Bilangan 17 ditemukan sebanyak 1
Pada posisi ke: 17
           // mecanukan pencarian
coutcc"\mMasukkan 2 digit NIM terakhir Anda: ";
cin>>bilangan;
                                                                                                   rada posisi ke: 17
Process exited after 4.762 seconds with return value 0
Press any key to continue . . .
           for (i = 0; i < n; i++)
              if (nilai[i] == bilangan)
{
           if (ketemu)
              cout<<posisi[i]+1<<" ";
